PROFILE

Seeking a role where I can use my BCA knowledge in web development, mobile app development, and database management. Eager to apply my skills to create innovative solutions and enhance user experiences. Passionate about learning new technologies and growing in the IT industry.

ACADEMIC PROJECTS & HIGHLIGHTS

Kalluri Naatkal   2025
Final year Project

- "Kalluri Naatkal" is a video-sharing application that allows users to upload their videos through the platform. The uploaded videos are stored via YouTube, ensuring scalability and reliability. The revenue generated from the YouTube channel will be utilized to help students in the department pay their college fees, making this project a social welfare initiative as well.

Personal Portfolio Website   2025
Link: premkumar2804.github.io/Prem-Portfolio

- Technologies Used: HTML, CSS, JavaScript
- Designed and developed a fully responsive personal portfolio website to showcase my technical skills, projects, and certifications.
- Implemented a modern, user-friendly layout with smooth navigation, animated skill indicators, and organized project sections.
- Integrated circular and linear progress bars to visually represent technical and professional competencies.
- Ensured cross-browser compatibility and mobile responsiveness for optimal user experience across devices.
- Hosted using GitHub Pages for easy access and sharing.
